

WELLNESS PLAN

FOR KITTENS

This plan is suitable for kittens under one year of age.

The first year of your kitten's life is a busy and important one. Our Wellness Plan for Kittens is designed to help set the foundation for a long and healthy life. We've included everything your kitten needs for preventative care into one plan, and we've discounted the fees to make it more affordable. See back for a full list of inclusions.

Payment Terms: We do not require payment in full at time of registration. We allow flexible payment instalments up until the time of spay/neuter or 1 year of age (whichever may come first) at which time the remaining balance must be paid in full.
